

## Newsletter Week 42

Summer 2018

In our assembly on Tuesday we had the pleasure of welcoming Olympic medallist Helen Richardson-Walsh to Morley.

Helen was a member of the GB hockey team who won gold in the 2016 Olympics. Not only did Helen give a great talk on the importance of perseverance and aiming high and challenging yourself but Amy and Jacob even got to try on a GB team top and wear her gold and bronze medals! We can confirm they are VERY heavy! Year 5 and Year 3 were then lucky enough to attend a Q&A session and handle the medals themselves. What a privilege.

I hope that some of you were able to go along and enjoy the recital by the Great Bowden Trust on Saturday. As well as an evening of wonderful music I am delighted that as a result of generous donations that evening Morley will be receiving £275 towards supporting the development of music in our school. Donations such as this allow us to enrich our children's experience of music by subsidising attendance at concerts or offering additional workshops or performances in school. Many thanks to Rev Shakespeare and St John's Church for organising and hosting the evening. Thanks too to everyone who brought along a bag of clothes for 'Bags to School' last week. We raised £120 (and managed to get rid of the remaining items languishing in the lost property boxes!)

**Reminder– Next week is forecast to be very hot.**

Please make sure your child has sunscreen on and is appropriately dressed. We ask that shoulders are covered (eg no 'spaghetti straps') as shoulders are particularly susceptible to burning and that children have a hat.

## CLASS OF THE WEEK

Topaz class have shown fantastic enthusiasm this week in all of their learning - as always! They have been busy using mathematical language to describe the properties of both 2D and 3D shapes and were able to successfully use only their hands and not their eyes to identify shapes accurately! They especially impressed me during a class debate in which they were not only able to maturely express their opinions but were able to challenge opposing views with confidence. Topaz class bring laughter and fun into our classroom everyday and I have truly enjoyed teaching such a creative and energetic group! Well done!

### Well done to the following children who have impressed their teachers this week:
