

Thank you to the four Mums who turned up on the last day of half term armed with spades to help me plant some donated extra hedging in the back playground. I am pleased to say the plants are alive and well many thanks for helping me make our play space even greener.

Thank you also to FOM for organising the Bag2school day last week and to everyone who donated a bag of textiles. All of the funds raised will be going towards improving our library area this year. Thanks also to the kind member of our school community who nominated us to be part of the Waitrose community token collection. We have received a generous contribution of £320 from Waitrose—well done!

Next week is national Anti-Bullying Week and we will be running a series of events focusing on positive relationships with the theme of 'respect.' We are launching the focus today with Friendship Friday and a special assembly today so celebration assembly will be on Tuesday instead of Friday.

National Gallery Competition

Children have been working hard to produce some fantastic artwork for The National Gallery's 'Take One Picture' competition. Each year group looked at the painting 'An experiment on a Bird in the Airpump' by Joseph Wright and responded by drawing or painting different expressions and feelings relating to the experiment, creating clay models of birds or producing an impressive bird collage!

Cycle parking

I am delighted to let you know that cycle hoops are being reinstated in the rear playground today along with some **new scooter racks**. This means that as of next week we should be able to return to:

- Parking in front of the school for those pupils attending clubs or Spectrum. *(This is needed as the gates to the playground are locked from 3.30.)*
- Parking for all other pupils in the rear playground in the bike shelter
- The shelter by the main gate is for staff and adult visitor cycle parking

This means that we should be able to accommodate all cycle parking without resorting to using the garden areas or railings. Thank you for your patience.

Year Two Wow Day

Today saw the launch of our new topic "Flights of Wonder". We took on the role of famous inventors and used our creative skills to investigate "What goes up?" and "How does it get there". Ruth Wakefield and Barbara Askins (a.k.a Miss Bell and Mrs Ward) were very impressed with the children's problem solving skills and their ability to communicate their ideas effectively!

Would you like your child to be included in our newsletter photos? If so please ensure that you have given photo permission. You can check at the school office if you are unsure.

We will be giving out celebration certificate and class of the week trophy on Tuesday because Friday's assembly will be used to launch our Anti-bullying week 2019 focus of 'Respect'
